

THE CAUSE

Your participation in this year's golf tournament will make a positive impact on the health of our children, community and generations to come by supporting Summit Pacific Medical Foundation's efforts to raise \$1.1 million through their Campaign for Community Wellness. The campaign proceeds will benefit Summit Pacific Medical Center's new wellness center, slated to open early 2019. The money raised will be used to fund innovative programs, equipment and other amenities that attract people to the wellness center; encourage them to try healthy activities; and increase access to education, coaching and other support people need to make significant life changes. With your participation, you will play a key role in helping Summit Pacific achieve their vision of "creating the healthiest community in the nation."
